August 12, 2020

Dear Parents and Students,

It is that time of year again to fill out new registration forms and pay your annual dues. BUT for this year's "Annual Letter" we must first and foremost express our thanks and compliments to all of you for your pouring out of grace, compassion, commitment, and flexibility as we navigate the current situation in our little town of Burlington. Thank you from the very bottom of our hearts for staying with us and having faith that THE ARTS are important. Thank you for supporting music and helping to instill the value of it to the next generation. We promise to do our very best to serve you with quality lessons now and in the future.

During a time when so many of our neighbors are permanently closing their businesses doors, we were able to remain open. We feel extremely blessed and thankful for each one of you for all that you do to promote our little music school and your continued referrals and accolades.

We do continue to pray for all of you as well, that you are coping and being blessed even through these confusing days. If there is anything BMACO can do to help you, please let us know.

We do ask that you continue to be careful to follow social distancing as you are able and respectful of the guidelines whenever possible. Please remember that everyone is in a different place with their comfort level and let's all do our best to just love and respect everyone.

Also, please review the REMIND letter that I sent on May 15 about COVID guidelines that should remain in place for now.

**It is that time of year again when we ask you to register for our next calendar year. With this letter you will find our New Registration forms, the 2020-2021 Master Calendar, Absent Slips, Policy Page and a Discontinuation Checklist Form. Please fill out the form and return it by September 1 along with your family's Annual Fee of \$15 (per family not per student). You may give this to your teacher or put in the dropbox at the Purple Studio. Or you may scan and send to [kathybowmanmusic@gmail.com](mailto:kathybowmanmusic@gmail.com) and then Venmo the \$15 fee.**

BOWMAN MUSIC AND CREATIVE OUTLET has been serving the Burlington community teaching lessons since 1998 and we would like to sincerely thank you for supporting us since the beginning. Many of the families that we have become acquainted with have truly been a blessing to us. We appreciate your continued prayers, references and encouraging words. We are overwhelmed to have such a wonderful group of students to teach and mentor. God bless all of you.

Sincerely,

*Kathy and Ron Bowman*
